Calotabs are so entirely pleasant to take and so pleasant in effect that the manufacturers have authorized your druggist to refund the price as a guarantee that you will be delighted with Calotabs. Sold only in original, sealed packages, price thirty-five cents. At drug stores everywhere.

LUNG-VITA STOPPED BRONCHIAL COUGH
 Mr. Ladd Had Been Bothered With It Eight Or Nine Winters.
 UNCLE ALSO RELIEVED Had Severe Cold and Cough Following Influenza.

"Last winter my father, Mr. T. G. Ladd, used Lung-Vita for a bronchial cough that had been troubling him for the past eight or nine winters," says Mrs. P. J. Hackett, 232 Exchange street, Memphis, Tenn.
 "He had almost instant relief after beginning with Lung-Vita. His general health was improved, as the medicine acted as a tonic. An uncle of mine, Mr. W. H. Hise, living near Covington, Tenn., used Lung-Vita for a severe cold and a cough following influenza, and has been wonderfully helped; more, he says, than by any other medicine he has ever used."
 Lung-Vita is a preparation of barks, roots, leaves and medicinal oils, that is highly effective for stubborn coughs, asthma, colds, whooping cough and bronchial troubles. Get a bottle from your druggist today and try it. If he won't supply you write Nashville Medical company, Nashville, Tenn., for free booklet.

JAP RESTITUTION OF THE SHANTUNG PROVINCE

Premier Declares Exact Time for Return of Shantung and Kiao-Chau Must Be Fixed by Attitude of Chinese.

TOKIO, Aug. 15. (By the Associated Press).—Restitution to China by Japan of these parts of Shantung province including Kiao-Chau, now occupied by Japanese forces, will be made without unnecessary delay, but the time required will be dependent upon the attitude of China, said Takashi Hara, Japanese premier, in answer to a question as to when actual restoration would take place. The premier in answering the query of the Associated Press, made the following statement:
 "My colleague, Viscount Ichida, minister of foreign affairs, issued a statement on Aug. 2 in explanation of our policy respecting the Shantung question. That statement represents the considered opinion of this government and I have little to add in dealing with the same subject."
 (Viscount Ichida, in his statement, which was referred to by the premier, said that Japan was willing to restore Shantung to China and would enter into negotiations with the Peking government as soon as possible after the Versailles treaty should be ratified by Japan.)
 "The question is often asked as to when Japan will return Kiao-Chau to China. I would point out in reply that for the restitution of Kiao-Chau, the detailed arrangements should be worked out beforehand in common accord between the Japanese and Chinese governments and that the length of time required for such arrangements depends largely upon the attitude of China. In any case, we fully realize that it is as much in our own interest as in the interests of China to accelerate the conclusion of all needed arrangements and to effect without unnecessary delay the restitution of leased territory which we have solemnly undertaken."
 Premier Hara and high officials of the Japanese government discussed recently with the Chinese government what was called the "wave of anti-Japanese feeling" in America. They were plainly disturbed by reliable reports of these showing uneasiness as to Japan's attitude relative to Shantung as one of the points for the settlement of the treaty among the friends of Japan, but felt Japan's repeated assurances as to restoration with the premier's statement to the Associated Press should clear the air and prevent any deplorable misunderstanding.

Blame Militarism.
 It is frankly admitted here that Japan's so-called militarism is responsible for much uneasiness abroad. The Japanese insist there is a distinct movement under way to curb any excessive influence held by the militarists which might be calculated to be harmful to the legitimate development of the nation and inimical to Japan's relations with America.
 Japan's liberals are deeply interested in an article written from America by Dr. Inazo Nitobe, of the Imperial university of Japan. The causes of sentiment adverse to Japan are given by Dr. Nitobe as follows:
 "Chinese and Japanese; Korean hostility; anti-Japanese feeling in California; anti-Japanese propaganda by British traders in China; party tactics by opponents of President Wilson; German propaganda; and the idea that Japanese militarism is a menace to democracy."
 In elaborating the last named point, Dr. Nitobe said a reason for the unpopularity of Japan among Europeans and Americans was found in the activity of Japanese militarists, the writer adding that it was the opinion that "because of her militarist element, Japan is regarded as a dangerous nation to humanity, democracy and freedom."
 "Nothing can be more harmful than to be ignorant of the general trend of the world and to be blinded by ambition and narrow-minded patriotism," Dr. Nitobe writes. "The militarists of my country are not only unable to appreciate the spiritual meaning taught by the great war but, so to speak, unconscious traitors to the empire. Regardless of the great truth that the warriors' sword sooner or later will put a country in peril they have copied everything German with the exception of my country's isolation. I do not mean to disparage the army and navy, but I do not tolerate, for a moment, their interference in politics and diplomacy."
 In the case of the Tien-Tsin incident Japan holds that the fundamental cause of the collision between Japanese and Americans was the fact that American troops entered the Japanese concession in that city on the night of June 12, 1919. The Japanese should recognize the truth of this assertion.

THRACE GIVING ALLIES PROBLEM

Division of Country Presents Many Varied Features Hard of Solution.
 PARIS, Aug. 15. (By the Associated Press).—The supreme council of the peace conference is industriously studying various plans suggested for a division of Thrace in such a manner as to be acceptable to Greece and Bulgaria, as well as England and France, which are vitally interested in the disposition of the Balkan peninsula.
 Uncertainty as to when the mandate of Constantinople will be received by the mandate of Constantinople and surrounding territory complicates the situation. The allied powers are all striving to protect their own interests, regardless of what Constantinople may have reached an understanding so that the United States stands virtually alone in supporting Bulgaria's claim for an outlet to the Aegean sea. The Bulgarians assert that only by giving them such an outlet to the Aegean sea can another Balkan war be avoided.
 A dozen different plans for the dividing of Thrace have been considered during the last week, but the one most likely to be accepted is a compromise plan. The proposed Greece, contemplates an international zone extending from the Bulgarian border to the Aegean sea, including the port of Midia. The territory immediately about Constantinople would go to the country receiving the mandate of the league of nations.
 This plan violates the rights of majorities and separates districts to be given to Greece, but it is apparently impossible to reach an agreement on any plan which would make this region less of a crazy quilt. The plan gives Adrianople to Greece, which is regarded as unsatisfactory, as that city is considered sacred by the Mohammedans. There is a great difference of opinion regarding the exact size of the proposed international zone, and new suggestions are offered at every meeting of the council.

AMERICAN LEGION POST GIVES BIG BARBECUE
 HELENA, Ark., Aug. 15. (Sp.)—One hundred and thirty-five guests were slaughtered for the barbecue today at the fairgrounds for the Richard L. Allen post of the American Legion, which entertained World War veterans from all over Phillips county and many from other points.
 The principal address was delivered this afternoon by Maj. Gen. Sturges, former commander of the 87th division and now commanding Camp Pike, who was the honored guest of the post. Other distinguished visitors were Adj. Gen. Lloyd England, Ex-Major Sam D. Crawford and Ex-Capt. Dan H. Crawford.
 The national salute of 13 guns opened the celebration at 12 o'clock and at 1 o'clock the "show" run of five shots announced the readiness of the barbecue. Besides the prominent speakers other important features for the afternoon were a band concert by the military band, flights by a former American ace, a baseball game, harness races, running races, etc.
 There was no show of military authority, no marks of distinction by uniform, but a friendly meeting of comrades and a recounting of the thrilling experiences crowded into months of service at home and abroad; a hand shake and a word of welcome.

JACKSON PEOPLE WILL GET GOVERNMENT FOOD

JACKSON, Tenn., Aug. 15. (Sp.)—Jackson people will have a chance at the government food that is to be on sale soon, if they care to make purchases, said Mayor Johnson this morning. The mayor has been keeping in touch with the government as to the plans for the distribution of the food. In compliance with the instructions given out by the government, Mayor Johnson has written to A. J. Graham, of Atlanta, Ga., who has charge of the food distribution for this zone. Until all the particulars are known no definite plans can be made.
 It is possible that Jackson may be compelled to adopt a plan similar to that which is to be used by Mayor Gupton, of Nashville. The charter of that city does not permit the municipal government to buy and sell merchandise. In order to be able to surmount this difficulty, will be responsible for the food for Nashville. Nashville has already placed her order for about \$2,000 worth of the food.

FAMILY REUNION HELD

BROWNVILLE, Tenn., Aug. 15. (Sp.)—The annual reunion of the Livingston-Carlisle families was held Wednesday at the Lebanon church, a few miles from Brownville.
 The two families are among the oldest and most prominent in Haywood county and the reunions are interesting events.
 Four generations were represented at the reunion and about 157 members of the families were present.
 An interesting program was given and a bountiful basket dinner was spread under the trees at the noon hour.

JACKSON TO SEE THAT SOLDIERS GET JOBS

JACKSON, Tenn., Aug. 15. (Sp.)—With the purpose of supplying every ex-service man who returns to Jackson and Madison county with a suitable job and of finding employment for the number of returned soldiers who are now in the city with no means of support, the home service station of the Red Cross is co-operating with the Association of Commerce and has begun an active campaign to put every employer in Jackson who can possibly use an additional man in the direct touch with these men who left Madison county to fight in the world war and have now returned asking for employment.
 The Red Cross officials are compiling a record of the number of unemployed men who apply at their office and keep this record on file for reference when an employer has a vacancy of any kind. In this record is listed the man's name, address, business experience, educational qualifications, trade preferred and a number connected with his name.
 These men will be advertised by number so that no names will be pushed. Any employer who has a vacancy for any one or more of the men is urged to notify the Red Cross authorities who will refer the man desiring a job to the employer. The Association of Commerce is making a personal appeal to every employer in the city to offer a job to as many of these men as possible.

DIXIE DEVELOPMENT MEN PLAN MEETING

WASHINGTON, Aug. 15.—Executive committee of the Southern Settlement and Development association, meeting here yesterday, called a general session of the board of directors of the organization, to be held at Savannah, Ga., between Nov. 15 and 20, for the transaction of business relating to the 1920 program of operations. S. Davies Warfield, Baltimore, president; Clement S. Tucker, vice-president; F. L. Finley, executive director; N. C. and Alex. K. Seamon, of Coggles, Ga., attended the meeting here.
 Besides the general meeting of directors, the executive committee also decided to call a conference of managers of state associations of land owners affiliated with the development organizations and its officers, to be held in New Orleans Sept. 4-7. State campaigns will be begun in Mississippi, at a meeting called for Hattiesburg, on Sept. 8, and in Florida, Arkansas and Alabama on later dates, to extend the work of the development association.

Mabel McKinley—Niece of the Late President of the United States—Takes Nuxated Iron for Health and Strength
 And Says She Regards It As The Ideal Tonic For All Weak, Run-Down Nervous Women

Dr. George H. Baker, Formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, Explains Why Iron Is One of the GREATEST OF ALL STRENGTH BUILDERS

Says: He has found nothing in his experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley who, after her personal use of Nuxated Iron, tells of the results she obtained:

"While I had often heard of Nuxated Iron I must admit that prior to using it I knew nothing of its remarkable value for building up the health and strength. It was imposed by months of the most exacting work during the war for the soldiers in the various army encampments, together with my social engagements and charitable pursuits. I found myself in a state of complete run-down and I was convinced that I was once more in a state of complete collapse."
 "I had always been prejudiced against tonic preparations, which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However, when my own family physician insisted that I give a fair trial to Nuxated Iron I consented to begin its use, with a result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks my whole system was tingling with energy and power and I was overjoyed to find that I was once more in superb physical condition."
 "Nuxated Iron has accomplished so much for me that I regard it as the ideal tonic for all weak, run-down women. As a strength, health and blood-builder, I am convinced Nuxated Iron has no equal."
 In commenting on Miss McKinley's statement, regarding the efficacy of Nuxated Iron, Dr. Ferdinand King, New York Physician and Medical Author, says: "It is my opinion that in practically nine times out of ten, unstrung nerves and failing strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. If I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron, it is because it is the only tonic that is so effective."
 "Manufacturers' Note: Nuxated Iron, which is recommended above by physicians, is not a secret remedy, but one which is well known to everybody. Unlike the older tonics, it is not a stimulant, but it builds up the blood, makes them black, not used the stomach. The manufacturers guarantee its efficacy and its safety to every person who uses it. It is dispensed in this city at all good druggists."

Miss McKinley has a voice of unusual quality, and it was following her work singing for the soldiers that she became weakened and run-down and had recourse to Nuxated Iron. Once more in superb physical condition, Miss McKinley says she is convinced that Nuxated Iron has no equal as a Strength, Health and Blood-Builder.
